MICHIGAN FROM THE HEART

Since 1991, Michigan From the Heart has served as an inspiration to both the University of Michigan student-athletes and the pediatric patients and families of C.S. Mott Children's Hospital.

On Thursday evenings, Michigan From the Heart arranges visits to the hospital by student-athletes who spend time with patients and families. Michigan From the Heart provides patients with the opportunity to see the athletes in action by attending University of Michigan sporting events as special guests of the team. Additional support is provided to these children through our support of the hospital's Child and Family Life department.

When you purchase a machine from Boullion Sales, you help support this very important Charity. We appreciate your business and your support,

Merry Christmas
